

LESSON 13

HOW DID WE GO?

ADELAIDE UNITED
SCORING FOR FUN

TEACHING AND LEARNING PLAN

LESSON 13

How did we go?

LESSON DURATION

60 minutes

LESSON VENUE

Classroom

WALT - WE ARE LEARNING TO...

Reflect on what we learnt in this unit.

WILF - WHAT I'M LOOKING FOR...

- I can write and talk about how we presented our **Adelaide United** board game.
- I can write and talk about how maths was used in designing our board game.
- I can write and talk about how we worked as a team in building our board game.

TIB - THIS IS BECAUSE...

It will help us to improve the way we present our work and practically use the mathematics we learn.

LESSON PREPARATION

Prior to the lesson teachers should organise the following:

- Activity sheet 13.1 - My reflection - hard copy to each group or interactive pdf version on student computers, laptops or iPads.

LESSON DELIVERY

The following provides you with a suggested plan on how to deliver this lesson. You are encouraged to take a flexible approach and modify this lesson and its timings to suit the needs and abilities of your students.

REFLECT ON FINAL PRESENTATIONS

Distribute Activity sheet 13.1 - My reflection - hard copy to each group or interactive pdf version on student computers, laptops or iPads.

To conclude this unit, students should be provided with an opportunity to reflect on their final presentations and what they have learnt while working as a team of game developers to achieve a common goal.

Students can present as individuals to their own team or as a team to the whole class. They can also film their thoughts and show them to the class, other teachers, friends or parents.

In their reflections they should personalise the following statements:

The presentation...

- I was pleased with my team's final presentation because...
- The best part of my team's final presentation was...
- The other members of my team were great because... (students should mention each group member by name)
- Next time we can improve our presentation by...

Learning about mathematics...

- We used mathematics in this unit when...
- Mathematics can be used when designing a football board game by...
- Mathematics can be used in when making a presentation by...

Learning about Adelaide United and my state/city....

- Three things I learnt about Adelaide United were...
- Three things I learnt about my state/city were...

Working as a team:

- The best thing about working in a team is...
- The positive quality I brought to my team was...
- I can be a better team member by...
